ABOUT US

PT. ALUMINIUM COMPANY EXTRUSION INDONESIA (ALCOMEX INDO) is an aluminum company based in Cibitung–West Java with an area of 9 Ha. PT.ALCOMEX INDO began operations in August 2006 with a production capacity of 18,000 tons per year.

With the rapid development in aluminum usage in Indonesia and around the world, demand for newest light metal products is increasing like aluminum extrusion profile.

This is where PT. ALCOMEX INDO is keen to share its experience in providing products and services for a variety of business needs and diverse projects over the years.

PT. ALCOMEX INDO is a manufacturing factory equipped by three UBE Press Machines from Japan and five Press Machines. Our technologies range from remelting, extrusion, anodizing, lacquer, powder coating and fabrication (finished goods).

RAW MATERIAL

EXTRUSION

POWDER COATING

VISION

Being a major producer of aluminium extrusion product and aluminium finished goods in the Asia Pacific region.

MISSION

PT. ALCOMEX INDO is committed to providing customers with the best quality of products and services that meet all established performance standards, both quality and reliability. All employees are responsible for improving customer satisfaction by implementing continuous improvement programs and improving the quality of products and services.
